

Santo Domingo Pueblo is seeking proposals from qualified contractors or firms to design, engineer, supply, and install five (5) self-supporting lattice communication towers, including all related foundations, grounding, and site work.

An optional pre-proposal meeting will be held virtually on Monday, November 10, 2025 at 2:30 pm (MST).

Proposals are due Monday, November 24, 2025 no later than 3:00 pm (MST). All interested contractors can request a meeting link and the full RFP package by emailing: broadbandproject@kewa-nsn.us with the subject header: SDP Tower RFP.
